

Win Laurier Gear!

## Spread the Word to New Teachers about JUMP and Receive an Official JUMP Jacket!

We want to spread the word about JUMP. Help us to help other teachers and students experience JUMP - a hands on, interactive, and fun end of year school trip!

Spaces are filling up fast but we want to ensure that new schools still have the opportunity to enjoy this program that allows teachers and students to connect outside of the classroom in a university environment.

*"Jump is an extraordinary experience for students; meeting curriculum expectations, developing leadership and providing remarkable memories and fun. Students and teachers will leave with a smile on their face"*

*- Julie DeJong, St Mark Catholic Elementary School*

*"JUMP made me excited about university. It encouraged me to do better and always try my best!"*  
*-JUMP student*

Help JUMP spread the word to other schools about this rewarding experience. You will receive an official JUMP jacket if you recommend JUMP to a new teacher who registers for the upcoming season. Start spreading the word today!

JUMP- Where fun meets education!
